ATHLETIC PHILOSOPHY AND AGREEMENT

Coaches at Marie Murphy School believe that interscholastic sports should be interesting, wholesome, stimulating and enjoyable for all students. The objectives are to develop fitness, good sports habits, skills and sportsmanship.

To participate in this program, a student needs to keep up with the academic program and follow training rules as set forth by the coaches. A student athlete may be suspended from interscholastic athletics for unacceptable behavior and/or for not putting forth an honest effort in his/her classes. Continued infractions may result in dismissal from the team.

Athlete's represent not just themselves but their families, school and community. An athlete's action should reflect pride in all areas.

We understand and agree to abide by all the provisions of the athletic agreement, and verify that we have read *A Parent's Guide to Concussion in Sports*.
