Use this text area for any needed explanations to ISBE in regard to this program. Our district previously completed the Rising Star Plan in the spring of 2016, but did not hear back with the approval. I assume that it is because the state was going away with that format and switching. As a result, I will be inputting information into this form that pertains to our processes from that plan. There are several differences in the two formats and we are committed to continuing to bring in our parents to garner feedback, but it is difficult to do so over the summer.
