Hi

I have responded to this one before that says it's a FOIA at the bottom of the email.

Thanks

Beth,

This is Michael with NAEES Illinois. We're putting together a contact list of facilities directors and maintenance directors throughout the state, and I'm wondering if you know who we can put down for Avoca SD 37. We just need the following info for whoever is in charge of maintaining the facilities and grounds for all the school buildings there:

Name:

Title:

Direct Phone Number:

School District Phone Number:

We reach out to the contacts two times per year to survey chemical and material usage. We then make that data available to engineering students in the state. Our calls last only a few minutes. Please let me know if you have any questions about us.

Thanks so much for the help,

As well as being the CSBO, Beth is also the Director of Buildings and Grounds, Head of Transportation and Head of Food Services. Does she work "out in the field?" She is often on site and visually seeing what is being done. Does she ever swing a hammer? No. (Though to her credit, I have seen her grab a shovel in the wintertime!)

Thanks, Kevin. Is Beth the one working directly out in the field on the grounds maintenance? Or is that someone else?
